

Fullestop.com with AvenueGrowth launches dedicated portal for COVID patients

Rajasthan, Jaipur, May 4, 2021 ([IssueWire.com](https://www.issuewire.com)) - WeWillWin.in is a social initiative by [Fullestop.com](https://fullestop.com) and Avenue Growth to help COVID patients get the information they need in order to receive treatment. Rahul Mehta, Director of Fullestop said that "the need of the hour has the correct information for beds and oxygen and Medicine." The website was launched last week.

with an aim to collect all necessary data on resources available for COVID patients across India, so that it can be made accessible to them in one place - www.wewillwin.in. This includes information from 7 Cities as of now, and it's updated on a daily basis.

AvenueGrowth.com has a team of over 10,000 freelancers of which, 30 people are dedicatedly working on updating this portal so that people who need the right information for Oxygen Beds, Oxygen Concentrators, Medicines, Plasma Donors, etc, Can find it at a click of a button.

The team will now be launching a registration module for volunteers who would like to help India Win From Corona. This would allow people to log in and upload information to the system and the telecallers will verify this information. additionally, on Wewillwin.in, plasma donors will be allowed to register and update their willingness to donate plasma with their locations and when there is a request for plasma, the telecalling team will be able to get a confirmation of the people who are willing to donate plasma and match them with the people who need the plasma.

Rachit Mathur, CEO- Avenuegrowth.com believes that using crowdsourcing, the potential to get the right information to 100s of cities is there and this is the larger picture that he sees - to ensure quick and fast dissemination of correct information at a large scale.
