

Get The Safest And Most Effective Body Fat Reduction And Muscle-Sculpting Services At Trusculpt Miami

Florida, Miami, May 11, 2021 ([Issuewire.com](https://www.issuewire.com)) - Looking attractive has always been a significant part of human life for both men and women. People want to lose weight and gain muscles to achieve their desired look. Trusculpt Miami is a local body sculpting spa that treats men and women who want to lose weight and gain muscles fast. The firm uses the latest and most advanced technologies to help its clients reduce fat and sculpt their muscles within a short period. These are the best methods of fat reduction and muscle-sculpting in a safe non-surgical way.

The company uses a device called TruSculpt-id for fat reduction. This technology wonder offers a personalized solution for every patient according to their individual needs and requirements. It features real-time temperature control to achieve the best results. The procedure is completely painless and people can get back to their daily activities right after it. The fat cells are permanently destroyed in the treatment and the skin gets tightened. Multiple areas of the body can be treated simultaneously. It offers an average of 24% fat reduction.

For body sculpting, Trusculpt Miami uses FDA approved device named trueSculpt flex. The device is used to firming and toning the muscles in the areas like thigh, buttocks, and abdomen. The device uses an electric current to induce muscle contraction and enhance the muscle tone and strength of the body. It can be customized as per the requirements, body shape, fitness level, and goal of the patients. People can achieve their desired look in just 12 weeks or less.

Trusculpt Miami is an aesthetic boutique spa is run by Nina Gupta with over 35 years of experience in the field.
