New York, New York City, May 24, 2021 ([IssueWire.com](http://www.IssueWire.com)) - In practice since 1993, Dr. Wolstein has grown to become one of Pinellas County's most well-known chiropractors. She is currently serving patients at her private practice, Wolstein Chiropractic & Sports Injury Center in Palm Harbor, Florida. There, she and her staff are trained in the latest chiropractic treatments & technologies. They strive for excellence through superior patient treatment, education, and satisfaction.

Dr. Wolstein is a fully qualified healthcare professional, having helped hundreds of patients over the years. Her expertise is supported by the constant referrals from her patients, as well as from area attorneys, businesses, and other healthcare providers. She will take a genuine, enthusiastic interest to provide only the best attentive service and care in each individual case she accepts.

A native of Clearwater, Florida, Dr. Wolstein attended Florida State University prior to earning her Doctor of Chiropractic degree in 1993 at Life University, School of Chiropractic near Atlanta, Georgia.

Dr. Wolstein began her chiropractic career in 1993 at Suncoast Spinal Centers with her brother, Brian Wolstein. She quickly became known as Dr. Karen and was the owner of multiple chiropractic and medical clinics known as Suncoast Total Health Care, where she implemented rehabilitation, physical therapy, and overall wellness treatment programs for patients of all ages.

Dr. Wolstein is a Diplomat of the Board of Sunstate Massage Academy. She is also a member of the Florida Chiropractic Association and the Florida Chiropractic Society – in addition to other national and state organizations.

Dr. Wolstein keeps current on advances in the chiropractic field by attending yearly conventions and educational seminars. She has completed post-graduate certification in accident injury management and dynamic motion X-ray. She also has extensive knowledge and experience in exercise and fitness. Additionally, Dr. Wolstein is certified in MUA: Manipulation Under Anesthesia. Nearly 90% of all patients that get an MUA have significant results that last long term.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, such as neck pain and back pain. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself without medication or surgery.
