

Lifting the Quality of Forklift Training

RS Forklift Training Centers

Birmingham, Ladywood, May 4, 2021 ([Issuewire.com](https://www.issuewire.com)) - RS Forklift Training Centres, based in the Birmingham and West Midlands have been training candidates for the last 20 years to learn or upgrade their forklift driving skills. Our highly qualified instructors, who have been idyllic employees in their time, train new candidates in learning the proper ways to operate different types of forklifts, understand the mechanism, and become expert operators.

With centers all over Birmingham and West Midlands, we offer courses consisting of both theoretical lectures and practical training, both at the centers and on-site, depending on the requirement of the candidate. Our candidates learn from the best faculty who are assisted with cutting-edge technology to give the best training experience like, LED TV sets for visual training, authentic replication of factory settings, competitive exams for best assessment, and finally RTITB certification for authenticating the training.

Our promise for a great experience doesn't just stop at providing [quality training](#), our centers are centrally heated to keep our candidates cozy in cold weather, all our centers are located at the hearts of every town and have ample parking space and cafeterias to make learning comfortable. Our training centers also offer renewal training for people looking to renew their license and also conversion training for candidates wanting to change their truck of expertise. Our instructor courses help existing operators become instructors and pass on their knowledge to aspiring operators. All of the above, at very reasonable prices for anyone seeking training or upgrading their current skillset. To date, RS [Forklift](#) Training Centres have successfully converted more than 11000 candidates into successful operators and instructors. None of our pass-outs has ever caused accidents or any other major disasters in their employments and has been model a workforce.

About the motto of RS Forklift Training Centres, its founder Mr. Shaik Miah said "As the world is progressing towards a new era it is bringing new challenges every day and if we are not well prepared for those challenges then we may face tests beyond our abilities which may hamper our chances of living better lives and contributing to building better societies. That is why we have always put in great efforts in making our great country more skilled and give our hard-working men and women a chance to be independent to earn better and live happier."

Our [training centers](#) are spread across Birmingham and West Midlands in towns and counties like Walsall, Sandwell, Dudley, Oldbury, West Bromwich, Stourbridge, Coventry, Telford, Wolverhampton, Shrewsbury, Staffordshire, Warwickshire, Cannock, Lichfield, Tamworth, Erdington, Moseley, Sutton Coldfield, Small Heath, Solihull, Kingsheath, Sparkbrook, Handsworth, Tipton, Haleswoen, Yardley, Sheldon, Chelmsley Wood, Kingstanding, and Castle Brom.
