

Liz Presley and Alexandria Altman Join Forces with L&L Presley LLC & A Productions

Rock and Roll Is Here To Stay

California, Los Angeles, May 22, 2021 (Issuewire.com) - It naturally came about as both Ladies are Authors, Writers, Musicians, Singers, Actors, and are in high-profile Celebrity Real Estate.

When it comes to music and film, these two lovely ladies are exactly that. Alexandria Altman was born in the South and raised by her Grandmothers' who had eleven children who were all either in film or music. Alexandria being raised in this environment got the best of both worlds of music and film.

When Alexandria was a child, she received a little red camera that she wanted for Christmas and that was the start of her career. The first thing Alexandria did with the camera was to create dialogues with little cartoons that she created on the wall for the family members. In the evenings Alexandria would dance and sing to her Uncles, playing their music with other entertainers who were around such as Johnny Cash, Elvis Presley, Chubby Checker, and more.

To this day, Alexandria who is also part of AW Entertainment Services is still involved in music and film; is also an Author having created her own Snow Moon Series that is going into production.

Liz Presley whose favorite quote is 'Be YOU, it's enough' was born and raised in little Clacton on Sea, Essex, England grew up and began singing and playing music winning awards. Having become really well-known she still felt something was missing. On discovering her roots and who she really was, she decided to write a book about her life and her newfound family which brought her to the South and home

to Graceland.

You can read Liz's story of how she became The Kid of The King - the daughter of Elvis and Priscilla Presley at www.lizpresley.me and you can read more about Alexandria Altman at www.snowmoonseries.net/alexandria-altman

These two Altman and Presley found each other and naturally everything fell together as they blended perfectly and found the perfect Partnership.
