

Mary Burnett, RN, a Registered Nurse with Panola Medical Center

Get to know Registered Nurse Dr. Mary Burnett, who serves patients in Batesville, Mississippi.

New York, New York City, May 17, 2021 ([Issuewire.com](https://www.issuewire.com)) - Specializing in family medicine, Mary is a registered nurse who is affiliated with Panola Medical Center.

Panola Medical Center (formally Tri-Lakes Medical Center) is a 112-bed hospital located in Batesville, Mississippi. It opened in 2001 and has grown into a team of 403 employees trained to provide the highest level of patient care. The primary medical facility, which is centrally located off of Interstate 55, offers quality health care services in Emergency Care, Surgery, Radiology, Cardiopulmonary Services, Physical Therapy, Cardiac Rehab, Pharmacy, and Primary Care. The hospital also offers Pediatrics, Sleep, and Women's Health Clinics.

Graduating with her nursing degree from the University of Illinois in 1976, Mary attributes her success to her love of the profession and caring for her patients.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support, coordinating care, and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
