

Millennium Cleaning of New England Announces Strategic Partnership with PRO-Techs Anti-Microbial Technology

Commercial Cleaning Company Offers Revolutionary Long Lasting Anti-Microbial Surface Protection "Millennium Shield" to Facilities Throughout New England

MILLENNIUM

CLEANING SERVICES

Massachusetts, North Andover, May 10, 2021 ([Issuewire.com](https://www.issuewire.com)) - Millennium Cleaning Services, a leading commercial cleaning company servicing the Greater Boston, North Shore, Merrimack Valley, and Southern NH regions has announced that it has entered into a strategic partnership with PRO-Techs USA, a provider of antimicrobial surface protection.

PRO-Techs is an EPA-approved nanotechnology that creates a barrier shield with a 99.9% effectiveness in preventing the growth of bacteria and microorganisms. PRO-Techs provides long-lasting antimicrobial protection on porous and non-porous surfaces, with a durability of up to 90-days.

Millennium Cleaning Services is located in North Andover, MA. and provides commercial cleaning services throughout the Merrimack Valley region of MA. & Southern NH.

Millennium is now deploying PRO-Techs as part of its long lasting pro-active surface protection protocol. This innovative, five-step protection program pairs its existing cleaning and disinfection protocols with PRO-Techs for active 90-day germ protection as detailed in this video

<https://youtu.be/ZhLkpdzElKw>

"Our customers are constantly being challenged by the fact that standard cleaning practices in high-traffic areas only offer temporary disinfection without long-term residual protection. We vetted various organizations and products in search for a solution to create clean, safe, and healthy environment for our clients and decided to partner with PRO-Techs.

"We specifically developed our Millennium Shield program to help our customers provide maximum level disinfection and protection for up to 90 days. The program includes benchmarking the microorganisms' level, an electrostatic spray of disinfectant for maximum coverage, and antimicrobial protection for long-lasting results.

Luminometer testing validates the program results, and Millennium provides certification of the Millennium Shield performance for display to customers". Millennium Cleaning Owner & President Joe Freitas explains.

"PRO-Techs is excited to expand its reach throughout New England in partnership with Millennium Cleaning Services as a certified specialized applicator " said Christopher Esposito, representative of PRO-Techs. "Having witnessed their professionalism in creating clean, safe, and healthy environments for their commercial customers, we are confident that Millennium will expand the ultimate surface-level protection to the community."

About Millennium Cleaning Services:

Millennium Cleaning Services has been servicing the Greater Boston, North Shore, Merrimack Valley and Southern NH regions for over 13 years. The company offers elite cleaning and disinfection services applied by their industry certified professionals who take great pride in their work.
