

Navanter Ltd, the specialist sales consultancy, becomes a carbon positive business

United Kingdom, Oxford, May 14, 2021 ([Issuewire.com](https://www.issuewire.com)) - Navanter Ltd, the boutique training organisation that helps organisations bridge the gap between sales and delivery, announced today that it is now a carbon positive business. Navanter has partnered with Oblong Trees to offset 10 years' worth of its carbon emissions and has committed to renewing this investment in the planet at least every 5 years.

Due to Navanter's investment, Oblong Trees is planting 240 trees in countries ranging from the UK to Kenya to Australia.

Navanter's Chief Possibility Officer, Neil Shorney, said: "We're in a genuine climate emergency, and we all have a responsibility to do our bit. Planting trees is only part of the solution - we also need to reduce

the carbon we emit, and at Navanter, we're proud that we keep our carbon output to an absolute minimum."

Navanter is committed to sharing the message with both clients and competitors alike that businesses of any size can act responsibly, and raise awareness of climate change in any industry.
