**Bihar, Patna, Jun 8, 2021 ([Issuewire.com](http://Issuewire.com))** - **OMBIKA** is one of the Leading Indian Online Buying-Selling Platform; where sellers can sell their products to all Indian customers. And, Buyers can purchase everything of their needs. It has been started in 2019 with the motive of a savior for the Indian buyers & sellers. Currently, we are operating in India only, but very soon we will start operations in nearby countries us. We are having verified sellers from all India along with varieties of products and our buyers always get genuine & quality products only; when shopping with us.

In this 21st Century; everything goes online and the demands of online mode are increasing day by day; due to lack of time. That's one of the big reason; Hundreds of e-commerce marketplace website is running in the Indian Market nowadays and also competition is on the great level. Some are big & old players of the industry and some are newer & small players of the industry. But, when we discuss competition within the same industry's players then no difference lies within. All are working to get success fast; with respect to their competitors. It is very well to everyone that when competition arises within the same category business, obviously consumers get benefited first.

Nowadays, the trend of online shopping and availing online services are increasing and consumers from all over India are enjoying the availability of everything (services as well products) in online mode. Every People have their own schedule for their routine work and all are so much busy due to vast daily routine. That's one of the big reason behind the scope for the online business in India and all industries are having more focusing on online business in respect to an offline one. Because consumers from all over India having no time to waste in the physical market. The future for the online business in India is bright.

In the race to get success by business owners and availing benefits by consumers; we never forget to fraudsters behind us. We have to always open our eyes to save ourselves from fraudsters, who always on the watch for a chance to do the fraud. Reference to past experience, online businesses as well as consumers (who availing online facility) is most affected due to frauds and the presence of fraudsters behind us.

Within the above scenario, [OMBIKA](#) enters into the e-commerce industry as on 9th January 2019 and shows the presentation to their competitors. **e-Marketplace by OMBIKA** has been launched on 2nd September 2019 on the occasion of Ganesh Chaturthi by bless of God "Ganesha". Thereafter we are moving to the ladder of success day by day with the nice support & trust from the Indian Audience from each and every part of India. We have our main motive to enter into the e-commerce industry to save buyers as well as sellers from all over India from frauds and fraudsters behind us. Sellers available on our e-Marketplace are fully verified and assuring to deliver only genuine products to all India buyers.

**OMBIKA** has made guidelines for the safety of sellers & buyers. Sellers will make a video when packaging the product (order) and Buyers will make a product (order) opening video. Products packaging and opening video will be most helpful to sellers as well as to buyers; in respect to wrong product delivery. Due to it "**Happy Selling..... Happy Buying**" concept will be arises within sellers & buyers.

We are inviting **Online Sellers** from all over India to [sell](#) their products with **OMBIKA**. The reasons behind selling with us are as follows:
