Looking for an affordable beautifully handmade
Printing Press?

During 2020, the rise of crafts reached an all-time high with people taking to new and old hands-on crafting. Whether you're dipping your toe into printmaking or are a professional, a reliable printing method is essential.

Pooki Presses offer a lever style portable tabletop press weighing less than 8KG that can be used anywhere from the studio to the kitchen table. Using the Pooki Presses You can get creative and continue to produce high-quality prints without the need for expensive

machinery or laborious Barrens and Wooden Spoons.

Pooki Presses are based in the Forest of Dean, Gloucestershire, UK, and with a passion for supporting local businesses and home-grown quality all presses use locally sourced materials and sustainably sourced birch wood.

These beautiful products are hand assembled using the finest zinc plated fixtures and nylon wear-resistant fittings to allow for smooth movement, superior rigidity, and longevity. All packaging is fully recyclable to keep as Eco-Friendly as possible.

“I AM ABSOLUTELY BLOWN AWAY BY THIS PRESS. I HAVE TRIED IT WITH A RANGE OF PAPERS LIKE ZERKALL WHITE SMOOTH 145GSM UP TO A HEAVIER 300GSM SOMERSET AND SNOWDEN. IT PRINTED EVERYTHING PERFECTLY
I HIGHLY RECOMMEND TO ANY PRINTMAKERS OUT THERE “

Sarah Delahoy @Del_Art_Ful, Printmaker and Art Teacher

Although, Pooki Press is a UK based company they offer delivery worldwide allowing everyone to enjoy the fun of printmaking.
