

The Dental Views Introduces Membership Plans

California, Chino, May 13, 2021 ([IssueWire.com](https://www.issuewire.com)) - The Dental Views, a group of privately owned dental offices located throughout Southern California and Arizona, is now offering an entirely new way to finance dental treatments—outside the normal insurance system.

Dubbed “The Dental Views Membership Plan,” it offers monthly plans, starting at \$24 per month, which cover routine visits like teeth cleaning, x-rays, and fluoride treatments while offering discounts for more involved procedures.

The new plan is kicking off this month to celebrate May’s “Save Your Tooth Month (#SaveYourToothMonth). Educating local communities on [proper oral-health routines](#) has been a top priority for The Dental Views as well.

“This gives families budget-friendly options for affordable, comprehensive dental care, along with exceptional care and clinical excellence”, says Dental Views founder Dr. Ali Zareh, D.D.S.

The Plan consists of three tiers: Child Complete, Adult Complete, and Perio Complete. Perio Complete offers considerable savings on advanced periodontal procedures.

“Financial constraints shouldn’t keep you from receiving the dental treatment you deserve,” continues Dr. Zareh. “We offer a variety of options to make payment as simple and convenient as possible.”

Serving Southern California and Central Arizona, The Dental Views has been offering friendly, expert dental care since 2010. With eleven state-of-the-art dental offices, the practice offers a warm, inviting atmosphere along with the latest technology and dental prowess.
