

Tracy Santomarcio, RN, a Registered Nurse & Practice Manager with AdventHealth Well 65+

Get to know Registered Nurse & Practice Manager, Tracy Santomarcio, who serves patients in Daytona Beach, Florida.

New York, New York City, May 19, 2021 ([Issuewire.com](https://www.issuewire.com)) - Tracy is a registered nurse whose area of expertise includes critical care nursing. She currently serves as a Practice Manager for seniors who are 65 and older at AdventHealth Well 65+ in Daytona Beach, Florida.

Previously, she worked as a Registered Nurse for Workers Compensation at Albertsons Companies (November 2019 - March 2021), a Case Management Nurse at Albertsons Risk Management (November 2019), a Private Duty Registered Nurse at Hallway Healthcare (May 2019 - November 2019), a Client Services Specialist at One Medical Passport, Inc (June 2016 - November 2018), a Business Administrator for MAAY Beach Front Properties (June 2015 - June 2016), a Registered Nurse with Virtua Health (May 1991 - May 2015), a Registered Nurse at Larchmont Medical Imaging Center (2012 - 2015), and as a Registered Nurse with an infectious disease group in Mount Laurel, New Jersey (July 2012 - December 2014).

Graduating with her high school diploma from Hamilton High School West in 1981, Tracy went on to earn her Associate of Arts and Sciences degree in Nursing from Mercer County Community College in 1992. Years later, in 2012, she obtained her Associate's Degree in Business Administration from Burlington County College/Drexel University.

To date, she holds a certificate in Basic Life Support (BLS - not intended for postnominal use).

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support, coordinating care, and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.

On a more personal note, Tracy is happily married.
