

VETATHLON on Memorial Day 2021

A Lifelong Race to Serve Those Who Have Served Our Country

mobilitycity.com

Florida, Boca Raton, May 5, 2021 ([Issuewire.com](https://www.issuewire.com)) - This upcoming May 28th and as part of our commitment to military families, surviving veterans, and friends that have paid the ultimate price: sacrificing everything in defense of our country; Mobility City has created **VETATHLON**, a lifelong commitment, and initiative to serve, help and support with love, compassion and actions those who have served to protect our freedom and lifestyle.

TWO COMPLIMENTARY PREMIUM SERVICES

We will take care of their wheelchairs, scooter, and any mobility equipment at all of our almost 40 locations nationwide during the two-day weekend event. An excellent opportunity to provide them for FREE two of our Mobility City premium services:

- Cleaning & Low-moisture Dry Sanitization (against COVID 19 and other viruses)
- Ongoing Maintenance, Repair & Tune-up

FRIDAY MAY 28 & SATURDAY 29

Our two-day event will be held in all of our almost 40 locations across the country.

DATE: May Friday, May 28th and Saturday, May 29th

TIME: 9:00 am to 5:00 pm

LOCATION: **Mobility City store near you** (check website for current locations)

INVITEES: Veterans, fallen military personnel families, and first responders.

A PERFECT EXCUSE TO RENEW & REFRESH THEIR MOBILITY EQUIPMENT

Wheelchairs and mobility scooters require routine cleaning and upkeep to remain safe, clean, and in good working conditions. At Mobility City, we know how important it is to keep your equipment safe, clean, and running, for you to participate in as many activities as you want to. That's our commitment to provide the best experience possible while they rely on and feel fresh all day long.

"We're particularly excited to continue to forge relationships with Veterans and the disabled around the country in the 39 markets and 22 states we currently service. This year we're focused on sanitizing mobility equipment including wheelchairs, power chairs, and mobility scooters with our **STEAM 220 PROGRAM** to reduce the risk of infections," said ***Vincent Baratta, COO for Mobility City***. "We are always focused on tune-up days at nursing homes and facilities where we tighten and replace brakes and worn out parts like armrests and upholstery on wheelchairs, mobility scooters, and hospital beds. Since COVID, state, local, and federal inspectors require wheelchair sanitizing in the facilities they inspect. The STEAM 220 PROGRAM is useful, economical, and is requested by more and more nursing homes and VA facilities in our core markets in the USA," he said.

VETATHLON, A LIFETIME RACE COMMITTED TO SERVE THEM

We are transforming how individuals with mobility disabilities interact and experience their relationship with mobility equipment, from the first time of use to extreme and challenging activities they would face. We are here to walk them through and be right next to them every time they need us. Our ultimate goal is to have them focus on their lives to the full extent while taking care of their mobility equipment needs.

ABOUT MOBILITY CITY

Mobility City™ is the nation's largest mobility equipment service company with almost 40 locations across the country, serving approximately 125 million Americans. The company's Feelnicians* are experts at delivering MOBILITYGLOVE, our top-notch service experience on-site from each locations' mobile units providing equipment delivery, setup, and user training, at being sure you get going in no time. Mobility City maintains, tune-up, clean, renew and refresh thousands of mobility equipment every year. Our services include rentals, upgrades, and mobility equipment sales. Mobility City strives to service senior communities, assisted livings, nursing homes, hospitals, and the mobility impaired at home.

At Mobility City, We Have All The Ways to Getting Them Going!
