PONYBOY is a natural-born entertainer and recognized this at a young age. Professionally, he started acting (Minority Report, X Files, Sheers) with his twin brother. PONYBOY is influenced by Classic Rock from the 1960s (Led Zeppelin, Jimi Hendrix, The Birds), legendary acts like Amy Winehouse and 2Pac, and modern talents such as Jesse Rutherford, Dominic Fike, Bakar, Remi Wolf, and Bennee. He dances across groovy alternative hip-hop beats with his lush vocals, catchy lyrics, effortless delivery, and rock n' roll attitude. **PONYBOY** continues to push the status quo by paving his own path into the music industry by mixing nostalgic sounds with modern production.
