

Anthony S. Ekong, MD, an Ophthalmologist with Retina & Uveitis Consultants of Maine, LLC

Get to know Ophthalmologist Dr. Anthony S. Ekong, who serves patients in Bangor, Maine.

New York, New York City, Jun 11, 2021 ([IssueWire.com](https://www.issuewire.com)) - Dr. Ekong is a board-certified ophthalmologist specializing in the diagnosis and treatment of vitreoretinal diseases and uveitis. He is the Founder of Retina & Uveitis Consultants of Maine, LLC in Bangor, Maine.

At Retina & Uveitis Consultants of Maine LLC, the focus is on medical retina and uveitis for adult patients; however, services can help patients of all ages and in other areas of their eye care and retinal health. With cutting-edge equipment and methods, some of the eye conditions treated include torn retina, age-related macular degeneration, diabetic retinopathy, inflammation in the eye or uveitis, and more. The goal of the practice is to see patients as soon as possible because their vision is a priority.

Throughout his academic career, Dr. Ekong received his Bachelor of Business Administration degree in Accounting from the University of Texas at Dallas, and his Master of Business Administration degree in Finance from the University of Minnesota. After working for a number of years in corporate accounting, he decided to attend medical school.

He received his medical degree from the University of Minnesota Medical School in Minneapolis and completed his residency in ophthalmology at Montefiore Medical Center in the Bronx, New York. He then completed a clinical fellowship in ocular immunology and uveitis at the Massachusetts Eye and Ear Infirmary/Harvard Medical School in Boston and a vitreoretinal fellowship at the Retina Vascular Center in Houston.

Specializing in the eye and vision care, the doctor is board-certified in ophthalmology by the American Board of Ophthalmology (ABO). The ABO is an independent, non-profit organization responsible for certifying ophthalmologists in the United States of America.

Having traveled several times overseas on medical missions, Dr. Ekong has provided care for people who would otherwise be unable to see an ophthalmologist. He has also published several scientific articles in major ophthalmology journals and is a member of the American Uveitis Society and the American Society of Retina Specialists.

Ophthalmology is a branch of medicine and surgery, which deals with the diagnosis and treatment of eye disorders. Ophthalmologists are experts in the diseases, functions, and anatomy of the eye. They may provide routine care such as vision testing, as well as prescribe and fit eyeglasses or contact lenses. However, ophthalmologists are also surgeons. They repair traumatic injuries to the eye and perform cataract, glaucoma, and corneal surgery.

Happily married, Dr. Ekong is blessed with three children. Outside of work, he enjoys simple pleasures such as reading, exercising, and spending time with his family.
