Services Offered

Dr. Azra Ashraf performs surgical and non-surgical procedures with acute precision. The ones on-demand includes:

• Breast Lift

Dr. Azra Ashraf provides breast lift and has enabled a large number of women to feel empowered. Many women are immensely self-conscious regarding the shape and size of their breasts either from breastfeeding or natural aging. Dr. Ashraf aims to restore the patient's self-esteem by making their breasts look bigger, fuller, rounder, and perkier. Breast lift also tightens sagging skin and reduces the entire dimension of the areola.

• Brazilian Butt Lift

Whether one wants a bigger gluteal region or looking forward to accomplishing dramatic outcomes right away, consider getting BBL or Brazilian butt lift from Dr. Ashraf. The chief objective of Brazilian butt lifts is to enhance the overall appearance of the buttocks. This process can be an integral part of the lower body lift in which Dr. Ashraf contours the abdomen, thighs, groin, and buttocks.

• Rhinoplasty

Dr. Azra Ashraf provides rhinoplasty to treat nasal asymmetry and changes the shape of the nose, and improves its proportions. Whether it is due to aesthetic reasons, functional breathing impediments, and trauma, Dr. Ashraf, a reputed rhinoplasty surgeon counsels the patients on natural and amazing results. She also provides guidelines so the patients can recover seamlessly.

• Botox

Botox offered by Dr. Ashraf lets women get rid of wrinkles, fine lines, creases, and telltale signs of aging. She injects FDA approved Botulinum toxin in small doses that dwindles the movement of the facial muscles temporarily. One may expect the outcome to emerge between four to seven days, and the final outcome usually lasts between at least three to four months.
