

Eltru's Coliquidation launches new Interior demolition service in the Tri-state area.

The company adds new service to offer a complete suite of liquidation services

New York, Farmingdale, Jun 11, 2021 ([IssueWire.com](https://www.issuewire.com)) - Commercial Office Liquidations New York Tri-State's Number 1 source for Office Liquidation and decommissioning introduces a new service of Interior Demolition. The new service focuses on the demolition of non-structural spaces within a Commercial office building, hotels, malls, retail outlets, etc, in order to prepare them for upgrading and/or reuse at a later time. Typically, interior demolition involves the removal of defunct items from restorative spaces such as carpets, ceiling tiles, Non-load-bearing brick or partition walls, insulation materials, electrical wiring, and more.

"With our new service, we are able to help companies get a thorough value of the liquidation process," says the CEO Varun Bansal –Eltru Group of Companies. Interior demolition services have sequential advantages for landlords as well as construction firms, in particular, will find the interior demolition services invaluable for projects in the blueprint. COL's interior demolition services are consumable to the ideas of intrinsic renovation, change in purpose, and a change in internal design.

Reliability, safety, timely turnarounds, competitive pricing along being fully licensed as a Minority Business Enterprise, makes them the perfect choice for all your interior demolition needs.
