

Eltru's Office Used Furniture unveils the largest inventory of pre-owned furnitures for Startups in New York

The inventory includes top furniture brands such as Herman Miller, Knoll, Steelcase & Teknion

New York, Farmingdale, Jun 21, 2021 ([Issuewire.com](https://www.issuewire.com)) - Eltru's Office Used Furniture Tri-State's top pre-owned furniture provider unveils the largest inventory of pre-owned furniture for Startups in New York. The new inventory is specifically geared toward small to medium clients, as well as individual customers who were largely impacted by the covid19 over the past year.

The company in a series of deals made from Eltru's liquidation business vertical makes available some of the top brands such as Herman Miller, Knoll, Steelcase & Teknion for startups. The inventory is supposed to be the company's biggest availability of pre-owned office furniture made public in the last 3 years.

The company expects to fulfill the demand arising out of renewed business activity removing restrictions in New York. The CEO of Eltru Group of companies, Varun Bansal said "we understand the difference in value between trusted name brands and poorly made knock-offs. We will never sell you defective or low-quality merchandise. Anything below our extremely high standards will never reach the OUF warehouse." Emphasizing further on the Quality Check protocols of Pre-owned furniture.

The inventory details are available on the company's website. The company has enabled live chat and safe delivery mechanisms as per CDC guidelines to ensure a safe purchasing experience.
