

Eveons products now available in Saudi via Al Haddad

Eveons partners with Al Haddad to bring their products & services to the Kingdom

United Arab Emirates, Dubai, Jun 16, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dubai, U.A.E Eveons Mobility Systems today announced a new partnership with Al Haddad Telecom. This partnership will bring Eveons consumer products range to the Kingdom of Saudi Arabia.

“Utilizing’s Al Haddad’s well-established and vast reseller network across the kingdom will efficiently bring our products and services to the Saudi market,” says Feri Zekisson, CEO at Eveons Mobility Systems LLC. “Al Haddad innovative approach in selling technical products and providing after-sales services are key essentials to why we selected them,”

“We are delighted to announce this partnership enabling us to offer Eveons consumer products,” says Tamer Fattoh, GM at Al Haddad. “E-mobility products are currently in high demand in the Saudi market, and we will be able to sell and service Eveons products through our vast reseller network in the kingdom.”

The benefits of this new partnership include.

- Offering the full range of Eveons consumer products line
- Introducing Eveons E-mobility services
- Operating as the authorized Eveons service centers in the Kingdom

About Eveons: Eveons Mobility Systems a leading E-mobility technology company with advanced R&D in Sweden, engineering in Germany, and assembly lines in Asia. The company offers cutting-edge electric mobility products and services for both consumers, governments, and corporate customers with headquarters in Dubai – U.A.E.

About Al Haddad: Al Haddad Telecom was established in 1990 in Jeddah by Khaled and Bashir Al Haddad, in three leading and integrated business units and soon became a leading telecommunications company in the Kingdom of Saudi Arabia. They operate in three lines of business, from distribution and

retail to after-sales services.
