

factoHR is Now Available in the Microsoft Azure Marketplace

Microsoft Azure customers worldwide now gain access to factoHR to to automate their daily HR functions & delivers actionable insights to achieve business objectives faster.

Maharashtra, Navi Mumbai, Jun 15, 2021 ([Issuewire.com](https://www.issuewire.com)) - [factoHR](#), a mobile-first, plug-n-play, and complete hire-to-retain HCM platform that today announced the availability of their entire HCM suite in the Microsoft Azure Marketplace, online store providing applications, and services for use on Azure. factoHR customers can now take advantage of the productive and trusted Azure cloud platform, with streamlined deployment and management.

factoHR is a comprehensive HCM solution that covers all the modern needs of businesses with Touchless Time and Attendance Administration, Shift Management, Geofencing, Face Recognition, Performance Measurement, Timesheet, and Core HR.

The Modern Workplace Solution provided by factoHR caters to the high demands of today's businesses with solutions for capturing employees' attendance with a contactless approach, maintaining their shifts to optimize outputs, and keeping them engaged and productive even while working remotely.

Aniruddh Nagodra, CEO and Co-founder of factoHR said "Along with this listing and availability of our solution to the customers in Azure Marketplace, factoHR also becomes transactive that benefits the customers to use their Azure credits or minimum Azure commitments to try and use our solution in their workplace. With this launch, factoHR also unveils its mobile-driven and scalable modern workplace solution."

He also adds, "As hybrid workplaces are growing rapidly, companies are looking for a solution which can solve various problems like capturing employees' time & attendance while maintaining workplace hygiene, increase engagement, align the team and improving their performance, and handle complex shift management of the distributed team. With the investments in advanced technology, understanding the need for the modern workplace solutions, focus towards mobile-first, DIY and workflow-based solutions has helped us to achieve a niche position worldwide."

The Azure Marketplace is an online market for buying and selling cloud solutions certified to run on Azure. The Azure Marketplace helps connect companies seeking innovative, cloud-based solutions with partners who have developed solutions that are ready to use.

factoHR is growing by leaps and bounds and in just 5 years we are a trusted name among 1500+ businesses and 1.5 million employees worldwide. Our ability to be integrated with all the talent management and ERP solutions with an API-based approach has been a key differentiator in the HCM market.

Recently, factoHR has won the best HR Software award from World HRD Congress and IT VAR news and Happiest User Award from Crozdesk,

Mr. Devanathan Raghavan, Chief Financial Officer of Cycle Agarbatti, the largest manufacturer of incense sticks in the world, said, "factoHR enables us to serve, track, and add value to our employees' efficiency, which has resulted in a productivity increase of 40%. Now we have integrated payroll with attendance and connected banking for an easy payroll process and a user-friendly mobile app that has reduced the overall burden of our HR team."

While we are investing and integrating with the cloud technology and AI and ML capabilities of Microsoft Azure, we are also inviting other customers and global CSP solutions to leverage the mobile and plug-n-play capabilities of factoHR.
