

Frank E. Jesuorobo, FNP-BC, PMHNP, DNP, a Doctor of Nursing Practice with His & Her Medical and Mental Health Services

Get to know Doctor of Nursing Practice, Frank E. Jesuorobo, who serves patients in Oxon Hill, Maryland.

New York, New York City, Jun 11, 2021 ([Issuewire.com](https://www.issuewire.com)) - Frank is a board-certified family nurse practitioner & a psychiatric-mental health nurse practitioner with over 30+ years of experience. He is committed to providing the care patients and their loved ones deserve at His & Her Medical and Mental Health Services in Oxon Hill, Maryland.

The primary goal of His & Her Medical & Mental Health Services is to assist patients in navigating the wellness and illness landscape to achieve better health outcomes. Whether a patient is coming in for a regular checkup or an urgent treatment, the dedicated team of health practitioners has the skills and resources to take care of their needs.

With exceptional expertise and true compassion, some of the services offered include anxiety disorders management, bipolar disorder management, counseling, depressive disorder management, opioid addiction management, personality disorder management, PTSD management, sleep disorder management, schizophrenia management, and suboxone therapy.

A native of Nigeria, Frank graduated with his Associate's Degree in Nursing from P.G Community College in 2000. He then went on to complete his Bachelor of Science in Nursing degree at Regis University, his Master of Science in Nursing degree at Walden University, and his Doctor of Nursing Practice degree at Brandman University.

Attributing his success to his family and his dedication to personalized client service, he remains an active member of the American Association of Nurse Practitioners.

A Board-Certified Family Nurse Practitioner (FNP-BC) holds board certification and provides continuing and comprehensive healthcare for the individual and family across all ages, genders, diseases, and body systems. FNPs maintain patient records, perform physical exams, order or perform diagnostic tests, prescribe medications, develop treatment plans, as well as treat acute and chronic illnesses, conditions, and injuries that fall under primary care.

In the United States, a Psychiatric-Mental Health Nurse Practitioner (PMHNP) is an advanced practice registered nurse trained to provide a wide range of mental health services to patients and families in a variety of settings.

On a more personal note, Frank is married. His favorite place to vacation in Nigeria, and his hobbies include talking politics and boxing.
