

Get Customized Neon Signs with Eco-friendly LED lights at Echo Neon

Texas, Dallas, Jun 14, 2021 ([IssueWire.com](https://www.issuewire.com)) - This press release informs you about the range of **custom neon signs** available at Echo Neon Company.

Dallas, Texas: Echo Neon offers stylish and unique **neon signs** and neon lights. The products are inexpensive, high quality and consist of PVC tubing and bright LED lights. The handcrafted neon designs would provide a cool and modern look for both homes and businesses while being light on the pocket.

The Echo Neon Products:

- Neon signs

If you want a unique look for your home, cafeteria, retail space, or any other location, go for neon signs. These neon signs also make amazing lighting for parties or special events. Conventional [neon lights](#) are made of breakable glass, have hazardous gas, and are exceptionally high priced.

At Echo Neon, you will get the same look with PVC tubing for safety and LED lights. The ready-made products would be shipped to you at the earliest.

- Echo LED Neon Lamps

LED Neon lamps would add a bolt of bright and soft glow LED neon tubes to whichever space or corner you would like to light up. You can create a dramatic effect by hanging it or leaving it against the walls, furniture, etc.

- LED neon tube

These are child safe, energy-saving, extremely light, and eco-friendly, as the company does not use any toxic gas.

- Custom Neon Signs

If you need a splash of colorful lights for your home or business, Echo Neon would be the perfect place to shop from. They create custom neon signs for all events and celebrations. The qualified team of professionals has the experience, tools, and knowledge to ensure that you get a durable and premium quality neon sign.

Show off your creative side by choosing the font, size, and color options for that perfect neon sign. The company has an excellent customer support and will help you in every step of the designing process.

Every custom neon sign consists of an easy-to-hang contour cut backing made of acrylic and transparent wires.

Visit the website of Echo Neon and go to the [Custom Neon Sign](#) page to create a unique look with your design ideas.

How The Company Is Working Amid the Pandemic?

Echo Neon maintains the best practice of social distancing through phone calls for solving your queries and online orders. Shipping may take some extra time due to the Covid-19 crisis, so you have to inform them early in case you need the delivery by a specific date.

The company thanks all its existing and new clients for their support during these trying times.

About Echo Neon Company:

The first LED Neon maker in the US, Echo Neon has been supplying clients throughout the world almost for a decade. Apart from Dallas, the company has stores in Tokyo and Taipei.

Thousands of clients have taken the help of Echo Neon for the amazingly designed neon lights. You can check some of the fantastic designs on the company website to have an idea. Use your imagination and the expertise of Echo Neon to get a unique piece of work.
