

Katie Willihnganz-Lawson, MD, a Pediatric Urologist with Pediatric Surgical Associates, Ltd.

Get to know Pediatric Urologist Dr. Katie Willihnganz-Lawson, who serves patients throughout the State of Minnesota.

New York, New York City, Jun 11, 2021 (IssueWire.com) - Dr. Willihnganz-Lawson brings her talents and skills as a pediatric urologist and reconstructive surgeon to the Twin Cities at Pediatric Surgical Associates, Ltd. She is available at the following clinic locations: Children's Hospital and Clinics – Minneapolis, Children's Hospital and Clinics – West, and Children's Hospital and Clinics – St. Paul.

Enjoying all aspects of pediatric urology, she is especially interested in genitourinary reconstruction, sex development, neurogenic bladder, and congenital anomalies of the urinary tract. She is also trained in minimally invasive robotic surgery and uses a family-centered care model to engage her pediatric patients in both education and treatment.

Growing up in Rochester, Minnesota, Dr. Willihnganz-Lawson attended and graduated with her medical degree from the University of Minnesota Medical School in 2008. She completed her residency in urology at the University of Minnesota, and her fellowship in pediatric urology at the University of Washington and Seattle Children's Hospital.

During her training, she researched surgical outcomes for patients with bladder exstrophy, vascular anomalies, and disorders of sex development. She has performed quality improvement projects and improved the standardization of care and quality of life for pediatric urology patients.

Recognized by Minnesota Monthly Magazine as a Top Doctor for 2019, Dr. Willihnganz-Lawson is board-certified in urology and pediatric urology by the American Board of Urology (ABU). The mission of the ABU is to act for the benefit of the public by establishing and maintaining standards of certification for urologists, and working with certified urologists to achieve lifelong learning to ensure the delivery of high quality, safe, and ethical urologic care.

Among her professional affiliations, she is a member of the American Urological Association, a Candidate member of the Society for Pediatric Urology, and a Resident Member of the Minnesota Urological Society.

Additionally, she works in hospitals and clinics around the metro and surrounding suburbs, including Fairview Ridges Hospital and Gillette Children's Specialty Healthcare, and offers telemedicine consultations to reach families from all over the state.

Pediatric urology is a surgical subspecialty of medicine dealing with the disorders of children's genitourinary systems. Pediatric urologists provide care for both boys and girls ranging from birth to early adult age. The most common problems are those involving disorders of urination, reproductive organs, and testes.
