

Lincoln Management Group - Preparing for growth in Australia & New Zealand

Japan, Tokyo, Jun 3, 2021 ([IssueWire.com](https://www.issuewire.com)) - Since 2008 Lincoln Management Group has been offering overseas investors strong solid advice. In recent years we have seen a dramatic rise from investors in both Australia & New Zealand in recent months as Australian & New Zealand Investors look to source safe opportunities when performing International or Overseas Investments.

Lincoln Management Group has been assisting Australian & New Zealand families for a number of years now and has watched our Australian & New Zealand Client base grow rapidly as we continue to show solid returns to our existing clients.

We have seen a huge rise in personal recommendations from the same clients as we continue to deliver exceptional investment opportunities and feel it's time to grow in the area.

Lincoln Management Group has recently added a number of new Account & Portfolio Managers to help and assist with the growing demand of clients in Australia and New Zealand with the long-term goal of expanding our operations into both Australia & New Zealand within the next 24 months.

We see this as a perfect starting plan as we prepare to branch into both Countries as when Lincoln Management Group lays the foundations to enter Australia & New Zealand we do so with an experienced team of professionals who understand the market and what the market requires.

We've partnered with some of the world's leading investment managers to invest in some of the best international companies for our investors. We accept that it's difficult, from our offices in Tokyo, to research the entire universe of companies ourselves. That's why we've chosen managers that have truly global reach, with people on the ground in numerous countries who are best-placed to research local companies before they invest. What's more, they share our belief that taking a more active investment approach that will deliver the best outcomes for our investors over the long term.
