United Arab Emirates, al-Fujayrah, Jun 2, 2021 (Issuewire.com) - [Pricena](http://Pricena.com) (Arabic: [پرایسنا](http://Pricena.com)) is a shopping comparison engine serving the Middle East. Pricena.com was initially launched in 2013 in the United Arab Emirates, then expanded to Egypt, Saudi Arabia, Kuwait, and Qatar, as well as Nigeria, South Africa, and India. The origin of the name Pricena (pronounced Price-na) comes from a contraction of the words "Price" and "na", the latter meaning "our" in Arabic, thus forming "Our Price". The site allows online shoppers to compare prices of more than one million products from over 200 stores across the Middle East.

Compare prices from hundreds of online stores like Souq, Noon, Wadi, Extra, Jarir, Namshi, Ofiyaa,

Amazon, eBay, and many more!

- Compare and shop in hundreds of categories like phones, tablets, laptops, fashion, sports equipment, and more
- Easily narrow your search with filters
- Find out when prices are dropping for REAL. No fake discounts as we keep track of historical prices for you from all retailers!
- Use the barcode scanner to easily find any product online and compare prices

[Pricena](#) is a shopping comparison app that gives you accurate and up to date price information on thousands of products as well as delivery and shipping information for all stores in the UAE, KSA, Egypt, Kuwait, and Qatar

Some of the popular stores listed on Pricena are:

Souq
Wadi
Jumbo
Axiom Telecom
Jarir
Extra
Jumia
Xcite
Ofiyaa Tri-Screen
Amazon
eBay

Most Popular & Rank #1 in Monitors for 2021 is [OFIYAA P2 Portable Monitor Laptop Screen Extender](#) - Tri-Screen Laptop Workstation.

[OFIYAA](#) is a multifunctional and portable dual-screen laptop monitor, which can quickly build a personal mobile workstation. Turning a computer into three, users can view the content on three screens at the same time and realize efficient multitasking. It is equipped with a USB/HDMI/Type-C interface to connect peripherals such as cameras, video devices, Android phones, etc. Wherever the user is, they can set up their own mobile workstation to start working efficiently.

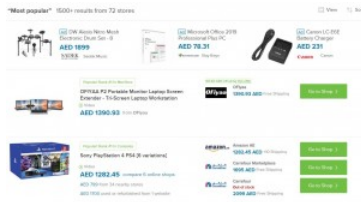

[OFIYAA](#) comes with a built-in stand that can be adapted to the shell of 13-17 inch laptop computers, and each screen can be individually adjusted and set display parameters. It uses an 11.6-inch, 16:9 FHD high-definition display with a resolution of 1080P/60HZ (1920*1080P). Utilizing wide viewing angle technology, the user can clearly watch the screen content from multiple angles without distortion. And with a full rotation angle of 270°, users can find the best viewing angle for any situation, even if there are multiple people viewing from different angles at the same time.

[OFIYAA](#) is equipped with a USB/HDMI/Type-c*2 interface, which can not only connect to a computer but also to a mobile phone, turning the mobile phone into a computer. It can also be connected to digital devices such as digital cameras, game consoles, mice, keyboards, mobile hard drives, etc., making it an external screen for the device, which can meet various display needs in everyone's life. It is compact, convenient, and powerful!

[OFIYAA](#) is made of high-quality industrial materials and can withstand the wear and tear of carrying laptop computers. It has passed 10,000+ times repeated folding fatigue tests and can be used for at least 5 years or longer. Its weight is only 1.33KG, and the size is 315*215*39MM, which is convenient to

carry, and the user can set up their personal workstation at any time in a backpack. Fortunately, when users are at home or need to go out to work, the lightness and practicality of an extra monitor will provide enormous help.

Users can buy directly from Ofiyaa.net with an additional 5% off with Coupon Code (OFIYAA) & plus Free Worldwide Shipping by DHL. Everyone should have a monitor like this! It will be an indispensable multifunctional display device in everyone's life!
