

Not easy to get praised by Tushar Kalia, he makes you work for it – the hard way!

Maharashtra, Mumbai, Jun 15, 2021 ([IssueWire.com](https://www.IssueWire.com)) - Dance Deewane 3 judge Tushar Kalia is known for his killer dance moves and looks! But you know what else could kill you? His intense and strict persona! Yes, you heard it right. It is not easy to impress this dance guru. People who have worked with him take years to gain even the smallest praise!

Recently on the sets of Dance Deewane 3, choreographer Nishchal Sharma impressed the trio – Madhuri Dixit Nene, Dharmesh Yelande, and Tushar Kalia and earned a standing ovation for his performance along with the contestant.

Nishchal **revealed he waited 7 long years for Tushar to tell him he is proud of him!** This milestone feat was achieved on the sets of the dance reality show Dance Deewane 3!

Budding dance choreographer Nishchal and the celebrated choreographer Tushar Kalia goes a long way – over seven years to be precise! The two first met each other on the sets of another reality TV show and went on to perform and work together for many celebrated events and shows. The two of them have also trained and choreographed many Bollywood A-listers for movies and music albums. However, not once did Tushar say how proud he felt of Nishchal's performance and dance until his stint on the sets of Dance Deewane 3!

Guess dreams do come true – when Nishchal heard it for himself right from the lion's mouth, that too on national television!
