

Oluwakemi O. Ajibade, MD, a Family Practitioner with Wayne Primary & Walk-In Care

Get to know Family Practitioner Dr. Oluwakemi O. Ajibade, who serves patients in Wayne, New Jersey.

New York, New York City, Jun 17, 2021 ([IssueWire.com](https://www.issuewire.com)) - Looking after the residents of Wayne, New Jersey, Dr. Ajibade is a kind family physician and primary care doctor. She is currently affiliated with Valley Medical Group, working with patients at Wayne Primary & Walk-In Care.

She strives to treat each patient to the best of her ability while ensuring that both patients and their loved ones comprehend the different possible methods of treatment. Dr. Ajibade is committed to making each patient's experience as comfortable and effective as possible. She gives them her undivided attention and practices with the goal of helping each of them lead healthy and fulfilling lives.

"From pediatrics to primary care, from acute care to chronic care, from oncology to cardiology, – and more – Valley Medical Group offers comprehensive medical care for you and your family. When you choose a Valley Medical Group doctor, you are not only choosing a highly trained medical professional – you're choosing someone who's committed to partnering with you to improve your health for weeks, months, and years to come" as stated on their website.

At the start of her academic career, Dr. Ajibade obtained her Bachelor of Science degree from SUNY at Stonybrook in 2005 and her medical degree from the American University of the Caribbean School of Medicine in 2014. Following this, she completed an internship and residency in family medicine at the University of Minnesota Medical School in 2017.

An active member of ColigoCare, the doctor is board-certified in family medicine by the American Board of Family Medicine (ABFM). The ABFM is a non-profit, independent medical association of American physicians who practice in family medicine and its sub-specialties.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.
