

ORION DHC, Inc. Announces New Chairman and CEO to Institute Strategic Path for Securing Company Future

Nevada, Carson City, Jun 15, 2021 ([IssueWire.com](http://www.IssueWire.com)) - /-- ORION DHC, Inc. (OTC: OODH) is delighted to welcome aboard the team our new incoming CEO & Chairman, Mr. Thomas Lull.

On Monday the 14th of June 2021 the Board of Directors of ORION DHC, INC. (TICKER: OODH) accepted the appointment of Mr. Thomas Lull and finalized his officer confirmation today, Tuesday. Lull has also elected to buy a controlling stake of OODH from Founder CEO Randy Hoff, which Lull expects will empower his incoming team to increase shareholder value.

As a seasoned oil aficionado and entrepreneur with decades of successful oil investments, Mr. Lull's operational expertise reposes in Midland, Texas within the geologically oil-rich Permian Basin. In his tenure with ORION DHC, Inc. Lull seeks to use his oil sales and oil-well asset allocation skillsets to provide long-term residual cash-flows for ORION DHC, Inc. -- with cash dividend payouts to OODH shareholders a strategic priority.

Mr. Lull expressed, *"I've been doing oil-well management privately for many years with great success, now I have this amazing opportunity to bring my profitable oil operations directly to investors in the public stock market. I am super excited and ready to make OODH shareholders proud of their investments."*

The announcement of new management for ORION DHC, Inc. has come as a great relief to many OODH shareholders who were on-edge about "Getting Current" on OTC Markets. Mr. Lull is collaborating with his incoming team and previous management to ensure the "Current Status" on the www.OTCMarkets.com investor disclosure platform is updated in a timely manner. The incoming management team is pleased that ORION DHC, Inc. has had very good record-keeping over its last decade of operations; therefore, investor interest and proper public disclosures under Mr. Lull's leadership can be expected before the end of this month.
