New York, New York City, Jun 11, 2021 (Issuewire.com) - As a dedicated family physician, Dr. Torabi is the Medical Director at Panorama Urgent Care Family Medicine in Panorama City, California. She is a top preventive health practitioner, a leader in urgent and critical care needs, and an anti-aging specialist focusing on overall wellness.

At Panorama Urgent Care Family Medicine, patients will find compassionate, comprehensive care that is not available to them in a typical urgent care setting. The talented and experienced clinical staff offer personalized, high-quality urgent and primary care services for patients of all ages and backgrounds, body contouring solutions, as well as onsite laboratory, x-ray, and pharmacy services. Using state-of-the-art technology and current evidence-based medical treatment guidelines, they work together to provide 360° care for routine and chronic conditions, including prevention, diagnosis, treatment, and

monitoring.

After completing her undergraduate studies with honors at Ahvaz University School of Medicine in Iran, Dr. Torabi went on to finish her medical degree with honors at the University of Southern California Keck School of Medicine in Los Angeles.

She began her medical career at the sub-acute emergency room at Centinela Hospital in Inglewood, California, where she treated patients in a challenging and pressure-filled setting. She continued to build on her training and experience by working at multiple hospitals in several countries around the globe.

In 2016, Dr. Torabi joined a fellowship program in preventive and integrative medicine, where she focused on illness prevention and teaching patients how to live longer and healthier lives.

A member of the American Academy of Anti-Aging Medicine, she is board-certified in family medicine by the American Board of Family Medicine (ABFM). The ABFM is a non-profit, independent medical association of American physicians who practice in family medicine and its sub-specialties.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

On a more personal note, Dr. Torabi speaks English and Farsi.
