

Trang T. Le, DDS, a Dentist in private practice

Get to know Dentist Dr. Trang T. Le, who serves patients in Vienna, Virginia.

New York, New York City, Jun 1, 2021 ([Issuewire.com](https://www.issuewire.com)) - Well-versed in the field of dentistry, Dr. Le is the Founder of Trang T. Le DDS Ltd. Family, Cosmetic & Implant Dentistry in Vienna, Virginia. She specializes in restorative needs such as cleanings, oral cancer screenings, sealants and fillings, full-mouth reconstruction, crowns & bridgework, and surgical procedures such as tooth extractions and dental implants.

Specializing in improving smiles, Trang T. Le DDS Ltd. Family, Cosmetic & Implant Dentistry offers a variety of services, including diagnostic evaluation, preventive care, restorative dentistry (bonded fillings, crowns, bridges), cosmetic dentistry (whitening, veneers, full mouth reconstruction), periodontal (gum) treatment, and dental implants.

Growing up in Arlington, Dr. Le attended Washington Lee High School. Completing high school in three years, she started college at the age of 16 and entered Virginia Commonwealth University's early admission program. She completed her undergraduate studies with a double major in Health & Special Education with an emphasis in Community Wellness and Rehabilitative Exercise Science in 1994.

While attending the Medical College of Virginia, School of Dentistry, she became a student teacher during her 3rd and 4th years tutoring and re-mediating other dental students. She graduated with honors and received her Doctor of Dental Surgery degree in May of 2001.

After graduation, Dr. Le began building her own practice in Northern Virginia while taking on the additional responsibility of training future dentists by joining the faculty at the Medical College of Virginia in Richmond.

Professionally, she is a member of several dental organizations including the American Dental Implant Association, the Northern Virginia Dental Society, the American Dental Association, the Academy of General Dentistry, and the Virginia Dental Association.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.

On a more personal note, Dr. Le is one of 3 dentists in her family and the youngest of 8 children. In her spare time, she enjoys spending time with her husband, two daughters, and her extended family.
