New York, New York City, Jun 4, 2021 ([IssueWire.com](https://www.issuewire.com)) - An experienced chiropractor, Dr. Lovejoy specializes in preventing, diagnosing, and treating conditions associated with the neuromusculoskeletal system, while improving each patient's functionality and quality of life. He works alongside his wife, Dr. Julie Kathleen Lovejoy, at Lovejoy Chiropractic Center, located in Watkinsville, Georgia.

Patients have excellent things to say about the husband-wife duo, one stating "Coming from a medical background, I was initially skeptical. However, I can't begin to express how much Lovejoy Chiropractic has helped me and my children. I am so grateful to have them in our community! It is very apparent that Drs. Chase and Julie have compassion for their patients and strive for excellence!"

Focused on serving each patient with excellence, Lovejoy Chiropractic Center specializes in the human frame and the functioning of the nervous system. It is the goal of the practice to help its community achieve a life of optimal health.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain, back pain, headaches, vertigo, and a long list of other ailments and conditions. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself naturally, without the use of medication or surgery.
