Explosive Power of the Gospel, Acts 1:8

Texas, Dallas, Jul 21, 2021 ([Issuewire.com](http://www.Issuewire.com)) - Dallas Texas, July 19, 2021. No question, it is amazing how life is connected with marvelous design in retrospect. Dr Steven DavidSon, the nation's Christ-based leader, who leads the nation's largest stand-alone virtual Church reflects on the designed-ironies over the last fifty years that have led to such a distinction. "I recall sitting in an United States Air Force

training class...It's during the Vietnam war. The instructor wanted us to know how lethal and devastating we are to the enemy compared to ground forces. He said, 'the Marine can run a mile with a back-pack and shoot the eye out of a fly. You can't do that. But we fly over and drop one bomb and wipe out masses of the enemy. There are Marines and Army surrounding the Air Base, as a result, they hate us more.'

DavidSon's Amazing Things The Church using web-based technologies, strategically targets regions on every continent where the Gospel is scarce or Christ-based Education and Counseling is needed to support indigenous ministries. The result is a response rate of nearly 70% of everything the ministry distributes in the general public. They've surpassed their 2020 reach total of ten-million by reaching more than twelve-million as of the writing of this publication in July. The ministry is averaging the Sunday church attendance equivalent of thirty-five thousand or more each day.

But it's more far reaching than a Sunday service. "Absolutely it is, Jesus provided the daily Reaching and Ministry Model for us. It's daily discipling to learn the skills, and knowledge-base of a powerful Christ-based life. It further encompasses our spiritual endowment to propagate wholistic Christ-based healing (mind, body, relationships, and soul), and preparation for continuous service with the ultimate of sacrifice as life-givers in Him. This is accomplished through daily social-media live programming, Christ-based Educational and other-supportive posts, and an enterprise of Christ-based Education and Counseling [web sites](#)."

When asked why they don't target North America, DavidSon reveals what few recognize. "First, by God's providence He's directed our efforts, but it is also strategic. As shared previously, an estimated thirty percent of Protestant activity operates in the United States where less than 4% of the world's population resides. Based on our research, we believe it has resulted in masses of the most antagonistic and resistant behavior unlike anywhere else on the planet including nation's espousing other faiths."

As DavidSon's ministry prepares to celebrate twenty-eight years the first week in August, he cannot help but to reflect upon the words of the Air Force training instructor fifty years ago. "It was prophetic and demonstrative of how God uses the sum total of our experiences to prepare us for the Mission He gives us upon the earth. Today, fifty years after that military classroom experience, we support missionaries on the ground that we may never meet. Wherever they may be and not be. They have real-time technological 'air support' that could not be imagined a few years ago...and there's no question there's a cosmic and insidious Enemy that cannot stand us for what we do...but we'll continue until our Great Commander tells us 'well done My good and faithful servants.' Amen..."
