

Alice Lam, DDS, a Dentist with Smile Source West Houston

Get to know Dentist Dr. Alice Lam, who serves patients in Houston, Texas.

New York, New York City, Jul 16, 2021 ([Issuewire.com](https://www.issuewire.com)) - A recognized professional in the field of dentistry, Dr. Lam is the Owner & Operator of Smile Source West Houston in Houston, Texas. Some of the services that she offers include general family dentistry, cosmetic digital smile design, complex restorative dentistry, TMJ/migraine treatment, postural restoration physical therapy, and sleep apnea treatment.

“In everything we do, we believe in challenging the standard of care. We believe in thinking differently in our approach to your health and wellness. Our experienced team offers Comprehensive Whole Health Dentistry. We use only the most advanced technology and are committed to improving the quality of life of our patients” as stated on her website.

Having resided in Houston, Texas since 1978, Dr. Lam became a dental student of the prestigious School of Dentistry at the University of Texas Health Science Center at San Antonio. After graduation, she worked as an associate where she was introduced to the world-renowned dental education center, Pankey Institute, where she was given the tools to practice “comprehensive dentistry” which involves a holistic approach to the whole system of the mouth as well as a behavioral understanding of people to help them achieve their goals for their health, whether it be esthetic, functional or both. It was then that she found her true passion in dentistry.

In 2002, she opened her own practice where she could slow things down and give individualized attention to each patient. Over the years, she has taken that approach as well as many hours of continuing education to provide her patients with “Whole Health Dental Care”.

She continually attends advanced postgraduate dental education and is active in multiple Study Clubs around the country to improve the quality of care she provides her patients.

In good standing with a number of professional dental organizations, Dr. Lam is an active member of the American Academy of General Dentistry, the American Dental Association, the American Academy of Dental Practice Administration, the American Academy of Dental Sleep Medicine, the American Academy of Cosmetic Dentistry, the Texas Academy of General Dentistry, the American Academy of Craniofacial Pain, the American Academy of Orofacial Pain, and the American Academy for Oral Systemic Health.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.

On a more personal note, Dr. Lam is the proud mother of twins, Bella and Xander, born in 2007. During her free time, she enjoys cooking, traveling, and just simply spending quality time with her family and friends.
