

Allan C. Harrington, MD, Dermatologist and MOHS Surgeon with Anne Arundel Dermatology

Get to know Dermatologist and MOHS Surgeons, Dr. Allan C. Harrington, who serves patients in the State of Maryland.

New York, New York City, Jul 15, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dr. Harrington is a dedicated dermatologist in practice at Anne Arundel Dermatology with offices throughout the State of Maryland.

When Dr. Robert Handwerger, now retired, established his solo dermatology practice in Annapolis over

40 years ago, he could never have envisioned that he was creating the foundation for what would become one of the premier full-service dermatology practices in the area surrounding Annapolis, Maryland.

Today, the skilled clinicians and modern clinical offices of Anne Arundel Dermatology deliver a full suite of cosmetic laser and skincare services and products, as well as dedicated in-house Mohs surgery and pathology laboratory services. The impressive growth and success of the practice are largely based on its unique ability to combine personalized care with state-of-the-art clinical training and expertise.

Dr. Harrington is board-certified in dermatology by the American Board of Dermatology, which certifies physicians in dermatology, dermatopathology, and pediatric dermatology.

Dr. Harrington serves patients at the offices of Anne Arundel Dermatology in Glen Burnie, Hagerstown, and Annapolis.

He is a graduate of Harvard College and Dartmouth Medical School. He completed his residency at Fitzsimons Army Medical Center, followed by a two-year fellowship in Mohs micrographic surgery at the New England Medical Center in Boston, Massachusetts.

In addition to being a member of the American Academy of Dermatology and the American College of Mohs Surgery, Dr. Harrington is the author of numerous articles and textbook chapters on skin cancer reconstruction.

In his professional experience, he serves as an Assistant Professor of Dermatology at Johns Hopkins University. He is also the former Director of Skin Cancer Surgery at Walter Reed Army Medical Center.

Dermatology is the branch of medicine dealing with the skin. It is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages diseases, in the widest sense, and some cosmetic problems of the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.
