

Church of New Enchantment for "Christian Witches" Opens its doors, as a virtual church.

The Heart of the Christian Witches, Lightworkers, and Empaths Movement.

Texas, Houston, Jul 24, 2021 ([IssueWire.com](https://www.issuewire.com)) - The Church of New Enchantment is a New Mystical Christianity Movement inspired by Rev. Peter Sousa. Rev Peter felt there not only was a need for such a spiritual movement but a home to advocacy an understanding to the growing population of self describes "Christian Witches".

Rev Peter explains, " I realize there is a stigma of the title "witch" and a modern-day practitioner is not at all what the Bible is referring to. We hope to not only clarify these sensitive views in Christianity but explain this movement is not to be feared."

The Church mentions, "The Heart of the Christian Witches, Lightworkers, and Empaths Movement. We consider ourselves within the realm of "New Thought" but do not tie our belief system to other "New Thought" movements."

Peter further explains, "This is a truly exciting movement for Christianity, we must move forward and adapt as Christians. We also need to take a lot of the "spiritual fears and mistranslations" out of Christian faith"
