

Hameed A. Dosunmu, MD, FACP, an Internist with Royal Suntomed Medical Group

Get to know Internist Dr. Hameed A. Dosunmu, who serves patients in San Antonio, Texas.

New York, New York City, Jul 28, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dr. Dosunmu is a highly-skilled, board-certified internal medicine physician and Founder of Royal Suntomed Medical Group in San Antonio, Texas. He is dedicated to caring for his patients' individual health needs using custom treatment plans to address a variety of conditions.

As an experienced primary care physician, Dr. Dosunmu diagnoses and treats a variety of acute and chronic health conditions, including pneumonia, arthritis, and fibromyalgia. He also specializes in chronic disease prevention, offering comprehensive annual physicals and in-office health screenings.

Prior to starting his own private practice, he served patients as a primary care physician at various hospitals throughout the state of Texas, most recently at South Texas Veterans Health Care System in San Antonio and Kerrville. He also performed clinical research on chronic health conditions like

hypertension and diabetes in New York City and New Orleans.

A native of Nigeria, Dr. Dosunmu graduated with his medical degree[MD] from the University of Ibadan College of Medicine in 1987, and later finished an internship at Lagos Island General Hospital, also in Nigeria. After moving to the United States, he completed an internship and residency in internal medicine at North General Hospital in New York City and Mount Sinai school of medicine where he also earned the Most Outstanding Intern distinction.

Specializing in the medical treatment of adults, he is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

A Fellow of the American College of Physicians (FACP), Dr. Dosunmu is an active member of the American Medical Association, the Society of Hospital Medicine, and the Bexar County Medical Society. He is also an honorary commander at Randolph Air Force Base in Randolph, Texas.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.

When not working, Dr. Dosunmu volunteers his time and medical skills, participating in health fairs and traveling on medical missions, including visits to rural southwest Nigeria.
