

Heather Bonny, RN, BSN, a Registered Nurse with Pahrump Health and Rehabilitation Center

Get to know Registered Nurse, Heather Bonny, who serves patients in Pahrump, Nevada.

New York, New York City, Jul 1, 2021 ([IssueWire.com](https://www.issuewire.com)) - Specializing in pediatric home health, Heather is a registered nurse working at Pahrump Health and Rehabilitation Center.

Pahrump Health and Rehabilitation Center is located in its namesake city of Pahrump, Nevada, serving the 35,000 plus population as the only skilled nursing facility. It provides a continuum of care, including short-term rehabilitation and long-term care, thereby bridging the gap between hospital and home.

Attributing her success to her love of helping others, Heather graduated with her Bachelor of Science in Nursing degree from Saint Xavier University.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RN's fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
