

Jamil Khatri, MD, a Hematologist-Oncologist with Helen F. Graham Cancer Center & Research Institute

Get to know Hematologist-Oncologist Dr. Jamil Khatri, who serves patients in Newark, Delaware.

New York, New York City, Jul 12, 2021 ([Issuewire.com](https://www.issuewire.com)) - A board-certified and fellowship-trained

hematologist-oncologist, Dr. Khatri practices at the Helen F. Graham Cancer Center & Research Institute as a provider in the group practice Christiana Care Oncology Hematology.

As a member of the thoracic multidisciplinary team, he specializes in treating patients diagnosed with lung cancer along with other cancer diagnoses and blood disorders.

ChristianaCare Oncology Hematology is fully dedicated to the diagnosis, treatment, and compassionate care of people with cancer and serious blood disorders. Its mission is to provide the most technologically advanced cancer therapy and treatment with the goals of improvement in quality of life, prolongation of life, and ultimately cure when possible.

ChristianaCare's Helen F. Graham Cancer Center & Research Institute provides a vast array of cancer outpatient services under one roof, making care more convenient, efficient, and effective. It features unique multidisciplinary medical services that include teams of specialists whom one can see all in one visit, including a surgeon, a medical oncologist or hematologist, and a radiation oncologist who will work together to provide the patient with the best treatment for their cancer. Other available services include supportive and palliative care, primary care, genetic counseling, nutritional support, physical rehabilitation, speech therapy, psychology, behavioral health, and social services.

Educated in Pakistan, Dr. Khatri graduated with his medical degree from Dow Med College. He then relocated to the United States, performing his residency in internal medicine and his fellowship in hematology and medical oncology at Cooper University Hospital in New Jersey.

A member of the American Society of Clinical Oncology, he is board-certified in medical oncology and hematology by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Hematology is the branch of medicine concerned with the study of the cause, prognosis, treatment, and prevention of diseases related to blood. Oncology is a branch of medicine that deals with the prevention, diagnosis, and treatment of cancer. A hematologist-oncologist is a physician who specializes in the diagnosis, treatment, or prevention of cancer, malignant blood diseases such as leukemia, lymphoma, and multiple myeloma, and blood disorders such as iron-deficiency anemia, clotting abnormalities, hemophilia, and sickle-cell disease.

Actively involved in clinical research, Dr. Khatri has authored several publications in well-known journals.
