Gujarat, Surat, Jul 22, 2021 (www.issuewire.com) - ROYAL11 and League11App have announced the planned merger of their business operations to offer a tremendous experience to their users and set a great presence in the Fantasy Sports Market. “ROYAL11” will acquire all the business operations, and users, of “LEAGUE11APP” and the merged business, will operate under the name of “ROYAL11”.

LEAGUE11APP, a New Delhi-based start-up was founded in 2019 and operated by its 3 directors - Inderpreet Singh, Sampa Dey, and Damanpreet Singh. The platform offers Cricket and Football fantasy contests to their users and has almost 10000+ active user's base. The platform also offered instant withdrawal and multiple payment options to their users with multiple contests in every League.

"The acquisition of League11 app will help us to strengthen our operations and expand our service offerings to a vast number of users across INDIA" explains Mehul Korat, founder, and CEO of ROYAL11. "With an increased number of active users, we'll have more challenges to perform and surely strive for a better experience that'll lead our path in the fantasy sports market."

Damanpreet Singh, founder, and CEO of League11 app stated "ROYAL11's acquisition of League11 app will provide a great opportunity and an extended service offering for our existing users. As both the organizations are in the same segment, they will surely enhance user's expectations and rise up as a better Fantasy Sports Platform."

Damanpreet Singh, also added "With this announcement, we'll not publishing any match on our platform and soon the platform will redirect to ROYAL11. All our existing users can continue playing on ROYAL11 as their existing deposits and bonus are safe and available on their accounts. Keep your support."

The merged organization will now serve more than fifty thousand users across India with unique offers and different league options.

Why did this takeover happen?

According to the resources, "League11 app is not willing to run their fantasy app business due to some financial issues at the same time they also don't want to disappoint their user by anyway so they decided to merge with the best growing fantasy app in the market who can take care of their users and their money and provide better experience further. And after a great search and exposures, they reach to their conclusion and merged their hands with ROYAL11."

What will users get with this merger?

With this merger, existing users on both fantasy apps will get a better opportunity, more competition, and exciting offers along with:

- New and Fresh UI
- Extra Sports like Basketball
- Instant Withdrawal on Paytm & Bank
- Attractive Deposit Offers and Bonuses
- Lowest entry fee in the market
- Dedicated customer support at telegram
- The smooth and better experience overall

About ROYAL11:

ROYAL11 is the flagship product of Impaxivie Technology Private Limited and one of the best growing fantasy apps in the market with a great user base and appealing approach. The firm is solely focused on the expansion of user's excitement by offering a vast range of league options.
