

Linda Lee Zeineh, MD, FACS, a Plastic Surgeon in Private Practice / with Providence St. Joseph Hospital Orange

Get to know Plastic Surgeon Dr. Linda Lee Zeineh, who serves patients in Orange, California.

New York, New York City, Jul 28, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dr. Zeineh is a board-certified physician specializing in reconstructive plastic surgery, practicing medicine in Orange, California. She works alongside Dr. Ivan M. Turpin, another plastic surgeon.

Her practice encompasses both cosmetic and reconstructive surgery. She performs a vast array of breast surgeries, body contouring procedures, abdominoplasty, liposuction, face and neck lifts, blepharoplasties, and facial rejuvenation.

In addition to being in private practice, Dr. Zeineh is the Chief of Plastic Surgery at Providence St. Joseph Hospital Orange. Her first priority is the satisfaction and well-being of her patients. She feels that addressing the physical and emotional needs of each individual patient while maintaining open communication is a key component in successful surgery.

Combining dedication, integrity, surgical judgment, and skill to achieve patient satisfaction, Dr. Zeineh and her colleagues strive to provide outstanding service to patients, treating each one with the same level of consideration, compassion, and meticulous care. They share their dedication to treating each patient as an individual, respecting their privacy and their time.

Her other staff appointments include Children's Hospital of Orange County, and she participates in educating the plastic surgery residents at the University of California, Irvine.

Growing up in Chicago, Illinois, Dr. Zeineh moved to Orange County, California, with her family at the age of nine. As an undergraduate at the University of California, Irvine, she majored in the biological sciences. During college, she studied abroad at Sorbonne University in Paris to further her education in the French language. She graduated Magna Cum Laude and Phi Beta Kappa.

Throughout her educational endeavors, Dr. Zeineh has been involved in multiple research projects and publications in both the basic and clinical sciences. She focused her career efforts towards medicine by earning her medical degree at the University of California, Irvine School of Medicine. This was followed by eight years of residency. She completed her residency in general surgery at the University of California, San Francisco – Fresno program, her hand/microsurgery fellowship training at Southern Illinois University, and her residency in plastic surgery at Indiana University.

With a commitment to surgical excellence, she attained board certification through the American Board of Plastic Surgery, whose mission is to promote safe, ethical, efficacious plastic surgery to the public by maintaining high standards for the education, examination, certification, and continuous certification of plastic surgeons as specialists and subspecialists.

In good standing with a number of professional organizations, Dr. Zeineh is an active member of the American Society of Plastic Surgeons, the Orange County Society of Plastic Surgeons, the American College of Surgeons (Fellow), the American Medical Association, and the California Medical Association.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories - reconstructive surgery and cosmetic surgery. A plastic surgeon's primary responsibility is performing surgical and non-surgical procedures, and they use a variety of reparative and reconstructive techniques to get the job done.
