

Manal Hilali, DMD, a Dentist with Gentle Dentistry of Tamarac

Get to know Dentist Dr. Manal Hilali, who serves patients in Tamarac, Florida.

New York, New York City, Jul 5, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dr. Hilali, a skilled dentist, is the Owner & Operator of Gentle Dentistry of Tamarac in Tamarac, Florida. She is a firm believer that patients should be informed about all their treatment options so they can play an active role in their treatment decisions.

She and her team have significant training and experience in all facets of general dental care. They offer cosmetic dentistry, from teeth whitening to full smile reconstruction with porcelain Lumineers. Each

member was handpicked because of their personal dedication to making a positive difference in patients' lives.

Graduating with her Doctor of Medicine in Dentistry degree from the University of Florida College of Dentistry in 2007, Dr. Hilali places a high priority on continued education and training. These educational pursuits include advanced study in the areas of cosmetic and restorative dentistry, as well as orthodontics and implant dentistry. She is also certified for cosmetic lumineer placement.

Proud to offer Invisalign to the patients who qualify, she has a pragmatic and informative approach to dental care. Whenever possible, she tries to keep treatments conservative. However, she does not hesitate to offer sophisticated solutions when extensive care is indicated.

As an active participant of the dental professional community, Dr. Hilali maintains membership in many organizations including the American Dental Association, the Florida Dental Association, and the South Broward Dental Society.

From her teenage years, throughout her college education and to the present, she strongly believes in community service. She engaged in numerous community service opportunities while in school and in the Ft. Lauderdale region.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.
