MickeyBadAss turned his grim past into a million-dollar business empire:

Since his childhood, MickeyBadAss has had the ability to assess things in a way others weren't able to, and this ability made him a special child. Having dealt drugs and been a street king, Mikey understood the challenge of balancing life and death. MikeyBadAss was aware of the fact that street life is short-term and will lead him to nowhere.

As a result of his withdrawal from the drug game, MikeyBadAss committed himself to Hip-Hop. From his darkest days, the accumulated money from drug dealing was used to reboot his music imprint. Michael BadAss purchased studio time, music equipment and formed corporations to protect his future. The focus on MikeyBadAss's life changed drastically, and it was never the same after that. MikeyBadAss is highly focused on leaving a legacy behind him to be followed by his sons and admirers.
