Get to know Endocrinologist Dr. Patricia L. Sareh, who serves patients in Fort Myers, Florida.

New York, New York City, Jul 15, 2021 ([Issuewire.com](https://www.issuewire.com)) - A leading endocrinologist, Dr. Sareh is in practice with LPG Endocrinology - The Sanctuary in Fort Myers, Florida. In treating adults, her clinical interests include thyroid disorders, osteoporosis, diabetes management, pituitary tumors, and adrenal disease.

The endocrinology experts at Lee Health Endocrinology simplify complex issues so that patients can better understand how they affect everyday function. By relying on research, modern treatments, and promoting a healthy lifestyle, they use individualized plans to address needs. That means more control, fewer complications, and healthier life.

Regarding her educational background, Dr. Sareh obtained her medical degree from the Federal University of Rio Grande do Norte in Brazil in 2004. She then relocated to the United States, performing her residency in internal medicine at Jackson Memorial Hospital, and her fellowship in endocrinology, diabetes & metabolism at the University of Maryland.

A member of The Endocrine Society, she is board-certified in endocrinology, diabetes & metabolism by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Licensed to practice medicine in Florida, Dr. Sareh is affiliated with Cape Coral Hospital, Lee Memorial Hospital, Gulf Coast Medical Center, and Golisano Children's Hospital of Southwest Florida.

Endocrinology is a branch of biology and medicine dealing with the endocrine system, its diseases, and its specific secretions known as hormones. Endocrinologists have the training to diagnose and treat hormone imbalances and problems by helping to restore the normal balance of hormones in the body. The common diseases and disorders of the endocrine system that endocrinologists deal with include diabetes mellitus, as well as adrenal, pituitary, and thyroid disorders, among others.

In honor of her clinical expertise, Dr. Sarah has been the recipient of Compassionate Doctor Recognition (2016, 2017) and the Patients' Choice Award (2016, 2017, 2018).
