Talented gospel singer and songwriter, [Blair Whitlow](#) is creating new possibilities for the genre with her incredibly versatile approach. She has recently dropped an optimistic soundtrack, 'The Other Side' featuring Ron Poindexter on major streaming platforms. tracks, 'The Wonder' and 'Jesus Is Lord (Live)', which spreads the divine message of God. Her exceptional voice helps her make a long-lasting impression on the audience.

The independent Christian musician has her thematic roots grounded in gospel music. She has always wanted to break the monotony that the genre offered. She has been working as an influential worship leader and she believes that God has helped her shape and he is helping improve her ministry. The whole journey has made it easier for her to launch a solo music career.
