

SportsEdTV Adds Accomplished Physical Education Coach and Researcher to Contributors

Dr. Erica Pratt will contribute to the global online sports education leader and its foundation.

Florida, Miami, Jul 2, 2021 (IssueWire.com) - SportsEdTV has named Erica Pratt, Ph.D. to its ranks of contributors. As a coach, educator, researcher, and facilitator of note, she collaborates and edits the portal's volleyball e-books, grant proposals, and youth sports projects.

"We particularly value her international experience in Ireland, Brazil, and Belize as well as her efforts on Navajo reservations that shows Dr. Pratt's understanding of cultural differences in sports," said SportsEdTV Founder and Chairman Robert Mazzucchelli.

She has worked and studied with SportsEdTV's Dr. Gylton Da Matta at the University of Northern Colorado. Dr. Pratt joins as a collaborator/editor with the volleyball program focusing on developing volleyball e-books, grant proposals, and implementing youth sports education projects.

"Her on-field experience as a coach and referee in field hockey and lacrosse complements her scholarly developments and that sort of balance adds credibility to Dr. Pratt's programs," added Victor Bergonzoli, CEO SportsEdTV.

Dr. Pratt is a faculty member at SUNY Cortland in New York where she develops scholarly programs on youth sports and development, physical activity, fundamental movement, and physical education using video technology.

About SportsEdTV: SportsEdTV exists to help athletes, coaches and parents LEARN, WIN, and CELEBRATE. We don't expect everyone who uses our learning tools to become a world champion - that's not our mission.

We do expect people who use our educational resources to become their champion, by whatever definition they view success in their chosen sport. For some, success is making the varsity team, for others, it's becoming country champion, and for others still, it may simply be gaining proficiency at a sport that offers a lifetime of fun and fitness. "

To us, no matter your aspirations in sport, if you are striving to improve, you are winning! As a leading sports education media company, we provide FREE video and blog content to anyone in the world with an internet connection.

We also offer a global online community, where athletes, parents, and coaches can interact, connect, chat, share content and find new friends. SportsEdTV videos feature coaching from world-class coaches and athletes - many of whom are or have coached world champions - and have been watched by viewers in every country in the world.
