

Tanisha N. Franklin, MSN, BSN, RN, a Registered Nurse with Fresenius Kidney Care

Get to know Registered Nurse, Tanisha N. Franklin, who serves patients in Detroit, Michigan.

New York, New York City, Jul 26, 2021 ([Issuewire.com](https://www.issuewire.com)) - Tanisha is a registered nurse with six years of experience in the nursing arena and unmatched expertise in dialysis nursing. She currently serves patients as Dialysis Registered Nurse at Fresenius Kidney Care in Detroit, Michigan, a role she embraced in 2019. Moreover, she works as an Infusion Nurse at BrightStar Care Sterling Heights, Michigan.

In addition to her nursing roles, she is an active volunteer with Meals on Wheels America and has been since 1998. She acts as a mentor and senior companion and participates in delivery. Earlier in her career, Tanisha has served as a Funeral Home Administrator for Trinity Chapel and Stinson Funeral Homes of Detroit, RN Analyst with Blue Cross Blue Shield of Michigan, Staff Registered Nurse with DMC Sinai-Grace Hospital, RN with Detroit Infant Health, and Interactive / Digital Billing with Starcom MediaVest Group.

Tanisha commenced her educational career at Central Michigan University, where she obtained a Bachelor of Applied Science degree in Business Administration and Accounting in 2007. Drawn to the nursing field because of the excellent standards, she completed her Bachelor of Science degree in Nursing at Oakland University in 2015, followed by her Master of Science degree in Nursing at Walden University in 2020.

Attributing his success to helping others, providing her patients with the care they need, and making a difference every day, Tanisha maintains a professional membership with the American Nursing Association and is certified in Basic Life Support through the American Heart Association.

As per her own words, she is a *“professional nurse with broad-based experience gained through progressively responsible positions in corporate settings, acute health care, perioperative care, and clinical setting.”* Her mission is to remain self-motivated, professional, trustworthy, ambitious, reliable, and independent at all times. With an unwavering commitment to having an enthusiastic attitude, Tanisha works hard to ensure that safe nursing practices are demonstrated across all areas of patient care.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RN's fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
