

The Mattress Toppers Buying Guide 2021

The mattress toppers give your mattress a new life while keeping it safe from dust and stains.

Washington, Tumwater, Jul 29, 2021 (Issuewire.com) - Since there are numerous options available in the market, BedStory offers a Mattress Toppers buying guide, which will make the searching process easy. BedStory will list the advantages of Mattress Toppers while helping people in making an important decision.

Indeed, a comfortable mattress is the key to a cozy good night's sleep. But buying a mattress for your room every now and then is not easy, and it can be pricey too. Usually, people change their mattresses due to knackered springs - and let's face it, it is nearly impossible to sleep on a damaged mattress with springs poking through the top layer. Sometimes people toss and turn the mattress to find the perfect position while trying to avoid protruding slab of metal – this is where mattress toppers come in handy. It is an easy fix that makes your mattress much more comfortable to sleep on.

Fluffy mattress toppers increase the life span of your mattress whilst providing you the ultimate relaxing space you have been looking for. On top of this, it protects your mattress from stains and adds firmness with support. Besides, if you think your bed is too hard to sleep on, mattress toppers can serve the purpose of giving you a pillow-like softness.

It brings a new lease of life to older mattresses...

However, it is difficult to get your ducks in a row – step into a bedding store, and you'll be amazed to see that are uncountable ways to improve your nighttime. So, if you think you could be sleeping a little better – buy mattress toppers rather than replacing your mattress.

The following buyer's guide will help you opt for the most suitable mattress topper for your bed.

What Are Mattress Toppers?

[Mattress toppers](#) serve as an extension that outspreads the life of your mattress, keeps it fresh, and among all, makes sure you get a good night's sleep. Simply put, it gives your mattress extra cushioning with support - it is an alternative to purchasing a brand new mattress. Mattress toppers do not only help with hard mattresses – if your mattress is too soft, the topper can add the firmness for endlessly dreamier nights.

What's more???

A mattress topper can significantly reduce back pains and aches by giving your body the support it needs. Most importantly, if your mattress gives you night sweat, mattress toppers can cool you down. It can easily be placed on your mattress beneath the bed sheet to make your slumber space exceptionally comfortable. The list of benefits does not end here; a mattress topper provides you plush nighttime without even forking out for an extravagant mattress.

It is just the right and inexpensive solution for your uncomfortable mattress. Opt for a soft topper if your mattress is too firm or a firm topper for a mattress that is too soft.

Amazed? You must be...

Mattress toppers come with detachable covering, and it is easier to clean as well. Not just this, they provide ultimate protection against allergies and bacteria as they are hypoallergenic and have moisture-resistant features.

What Are The Benefits of a Mattress Topper?

Ranging from added comfort to keeping your mattress clean, there are uncountable benefits of using mattress toppers. Keep reading to explore how you can improve your bedtime by just placing a mattress topper on your bed.

1. Provides Extra Comfort

Mattress toppers take pressure off your mattress, and it does not let your mattress worn down quickly. This extra layer of comfort conforms to your body curves and helps in getting restful sleep. Not just this, if you observe your mattress is not that comfy as it used to be – a mattress topper is the best way to revitalize it, without spending much.

- **Increases the Life of a Mattress**

Mattress toppers keep the upper layer of your mattress clean. Whether you have kids who play on your bed with colors or you are planning a slumber party with your friends – a mattress topper will keep your bed clean by all means. With a mattress topper, you do not have to toss your bed very often as it creates a protecting layer over it while making your sleep time better.

- **Change the Feel of Your Mattress**

By giving extra comfort, the mattress toppers change the entire feel of your mattress. Your mattress will feel brand new again, and you won't have to buy another quite so soon. Not just this, it reduces back pains and aches with body-hugging coziness.

- **They are Versatile**

Unlike mattresses, mattress toppers can be placed anywhere, improving your sleep quality. It is perfect if you live in a dome or hostel. Not just this, in summers, you can take them off to make the temperature moderate. Also, you can put it back in winters for a warmer feel.

What Are The Types Of Mattress Toppers?

If you are not getting enough sleep due to an uncomfortable mattress and you are not ready to replace it any time soon – add a mattress topper to your existing bed and increase your sleep duration and quality. By placing a mattress topper on the existing sleeping setup, you can preserve your mattress while adding an extra comfy layer for joint and bone support. There are numerous types of mattress toppers available in the market before opting for any explore which would suit you the best.

Let's talk about the different types of mattress toppers available:

- **Convolutd Egg Crate Foam**

Egg crate foam toppers are among the popular ones in the market. The reason behind its high demand is its shape that naturally contours to your body while relieving pressure points and providing support. Constructed with premium quality foam, medium firmness, and 2.8 lbs. density – they last for almost ten years with everyday use.

- **Standard Medium Foam**

Standard medium foam can easily be used for baby mattresses, upholstery, pet beds, and many more as it has medium density. Not just this, it is ideal for temporary sleeping arrangements – if you are considering it to use in the long run, it is not gonna work. Moreover, medium foam comes in multiple

thicknesses from two inches to six inches – and sizes in between.

- **Luxury-Firm Foam**

Luxury foam is a high-density firm foam, and it works perfectly well for soft beds, seat pads, and car floor mats. It offers support and long-lasting durability because of its rubber-based characteristics. These rubber-based characteristics mean this foam will retain its original shape and density for many years.

- **Memory Foam Gel Toppers**

From full-body support and exceptional comfort, memory foam gel toppers increase circulation and contours perfectly with your body. Not just this, it makes you feel relaxed with a good night's rest. This type of topper is perfect for all mattresses, couch beds, floor sleeping, and many other.
