The Technology Partner for Software Innovation and Salesforce Consultant Solutions - Tkxel

Virginia, Reston, Jul 29, 2021 (Issuewire.com**)** - Tkxel is a high-end software development and implementation company based out of Reston, VA, USA. We help clients across the globe (including USA, Europe, Australia, Asia, and UAE) pursue their Digital Transformation goals through smart Software Development, Discovery Workshops, and Remote Teams.

With our technology solutions, we aspire to drive a new era of development, growth, and productivity for people and organizations, so that they continue to make a powerful and positive impact on people's lives. We bring together a great team to work with and deliver the best solutions. Relentlessly pursuing solutions where others fail, we've served in the most diverse set of vertical spectrums.

Our development heritage of over a decade has given us the expertise to solve any product development challenge in any industry.

Being one of the best Software Development firms in the USA, our expertise lie in Artificial Intelligence, Machine Learning, Custom Apps Development (mobile, web, and desktop), UI/UX, Internet of Things, Blockchain, Cyber Security, and many more, with excellence delivered for over 12 years. We help companies from all industry verticals, including Tech, Healthcare, Financial Services, Education, and retail, to achieve their digitization vision by developing and implementing software tailored to their needs.

We are certified partners for Salesforce Consultant, Microsoft Azure, AWS, G Suite, and ServiceNow.
