Delhi, New Delhi, Jul 8, 2021 ([Issuewire.com](https://www.issuewire.com)) - Ubtan is the most basic Indian way of bringing out the natural glow in the skin. We have captured the goodness of Ubtan ingredients – Turmeric, Sandalwood, and Almond.

These ingredients in their own way have the power to create miraculous results on your skin. The

benefits of the Ubtan range are numerous, a few of these are listed below –

- Removes Sun-Tan: Ubtan has the capability of removing the old cells and promoting the growth of new cells.
- Enhances Skin Glow: Ubtan brings out the best of your skin and enhances the natural glow of the skin.
- Anti-Oxidant Properties: The best natural form of Anti-oxidant for the skin is the Ubtan. All the ingredients together work towards detoxifying the skin and purify it.
- Controls Hyper-Pigmentation: The Ubtan ingredients can clear the skin tone by removing the dark spots on the skin.

The Ecovani [Ubtan Purifying Face Wash](https://ecovaniorganics.com/shop/face-wash/ubtan-facewash/) cleanses the skin daily. The deep pore cleansing properties of Ubtan face wash make it the most effective face wash for all. Because of the ingredients, the face wash is better suited for Dry to Moderate skin types.

The Facewash can be used once or twice a day – as per the requirement.
