

Upcoming Rock Music Artist Saad Sultan Is Taking Everyone on a Flight with 'Shaheen- The Falcon'

Find a taste of exotic indie rock music with Saad Sultan and his latest single 'Shaheen - The Falcon'. He has a great passion for rock music and the air force.

California, Stockton, Jul 27, 2021 (IssueWire.com) - Churning out the flavors of indie rock music, **Saad Sultan** has come up with his latest single '[Shaheen - The Falcon](#)'. The track has been premiered with a video only a week ago and it has already gathered much attention from the listeners. Featuring blistering rock musical arrangement and organic essence, the track is the perfect example of indie and neo rock. A bilingual approach could be felt as the singer has crafted this track in Hindi or Urdu. An intoxicating sound design along with the Asian native language provides an exotic feeling blended with a rock-esque soundscape. Saad's vocal skills are over the top and his raspy tone helps him meander through any kind of music.

The latest track has been released with an official music video that features different snippets and clips of aviation movies which are the artist's favorites. The first film is 'Top Gun' from America, and the second film is 'ParvaazhaiJunoon' which is from Pakistan. The music video did not only established the theme of the track but also reflected the artist's passion for music and aviation as well. Currently, he is looking forward to making more releases in the coming days of his new-started musical career. With his creativity and artsy, the artist creating a bridge between cultures and regions through music and language. He is gaining at full speed on the musical journey and no one can stop him now.
